MESSAGE:

RE: PROPOSED NEW FINNISH HEALTH WARNING ON ETS

Attached is a simple draft memorandum opposing the new
warning, together with a shortened version of our
previous memorandum on ETS and public health. The short
covering memorandum, which could of course easily be made
into a letter, would be accompanied by the public health
paper.

I will be at the Hotel d'Angleterre in Copenhagen
(45-33-120095) tonight and tomorrow, and in Stockholm
Thursday. I will be at the Burson Copenhagen office
tomorrow. The number there is 45-33-323000. I will go
into the PM Stockholm office Thursday about midday for
messages. Please let me know if I can do anything
further to push this along.
